

Quicker Stripper Wheel

For Use On Angle Grinder

Ideal for cleaning welds and fast removal of rust, scaling, oxidation, paints, sealants and other clogging materials.

Features

- The safer, modern version of the old-fashioned wire wheel.
- Can be used effectively on stainless steel, steel, aluminum, titanium, and non-ferrous metals.
- Non-woven design enables wheel to conform to the shape of the base metal.
- Our quicker strippers are more rigid than standard products making them more efficient for working on angled and irregular surfaces.

Selection

Quicker Stripper Wheel

- Available in 4-1/2" options with or without arbor.

Part #	Style	Size
90700	Quicker Stripper Wheel	4 1/2" (7/8)
90701	Quicker Stripper Wheel	4 1/2" (5/8 threaded arbor)
